

KRUSHIL PRAJAPATI

Full Stack Developer | React.js · FastAPI · MongoDB

krushilprajapati.er@gmail.com | +91 9998033198 | Bopal, Ahmedabad | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Passionate Full Stack Developer and B.Tech Computer Engineering graduate (CGPA: 8.9) skilled in building modern, scalable, and responsive web applications using React.js and FastAPI. Experienced in developing real-world products with clean UI/UX, RESTful APIs, real-time features, and secure authentication. Strong problem-solver with a product-first mindset and a proven ability to deliver end-to-end solutions independently.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript, Tailwind CSS

Backend: Python, FastAPI, Node.js, Express.js, REST APIs

Database: MongoDB, PostgreSQL

Tools: Git, GitHub, Docker, VS Code

Other: JWT Authentication, WebSocket, Responsive Web Design, UI/UX Fundamentals

PROJECTS

CaféPOS – Café Order Management System | *React.js · FastAPI · MongoDB · Tailwind CSS · WebSocket · JWT*

- Developed a full-stack POS system for cafés featuring real-time order tracking, payment management, and QR-based self-ordering.
- Built responsive admin and staff dashboards using React.js and Tailwind CSS with intuitive UI/UX for daily operational use.
- Implemented FastAPI backend with JWT authentication, role-based access control, MongoDB integration, and REST APIs.
- Added WebSocket-driven live order updates and a real-time kitchen display system for seamless front-of-house to kitchen communication.

PG Finder – Property Discovery & Booking Platform | *React.js · Node.js · Express.js · MongoDB · Tailwind CSS · JWT*

- Built a role-based full-stack platform for searching, comparing, and booking PG accommodations with distinct tenant, owner, and admin roles.
- Developed responsive frontend UI with advanced filtering, comparison views, and user dashboards using React.js and Tailwind CSS.
- Created secure REST APIs with JWT authentication, session management, and MongoDB integration for scalable data handling.
- Implemented owner and admin management modules for property listing, booking oversight, and user management.

EDUCATION

Indus University — B.Tech, Computer Engineering

Ahmedabad | 2022 – 2026

CGPA: 8.9 / 10

ACHIEVEMENTS & CERTIFICATIONS

- Participated in OdoO Hackathon 2026 — collaborated in a competitive, fast-paced environment with real-world problem-solving under pressure.
- Delivered two production-grade full-stack projects independently, from architecture through deployment, as a fresher.
